

High Frequency Dual Band Antennas

Dual Band Roof Mount Antenna

For 2.4 and 5.8 GHz

- Superior pattern coverage for rugged mobile or fixed applications
- Industry leading wideband performance and reliability
- Minimum loss and no tuning required
- Excellent for law enforcement, rail and transit application
- The antenna of choice for the STI-CO[®] PTC Dual Track Antenna System

MODEL NUMBER	RFMT-DB-24/58	
Frequency Range(MHz)	2400 - 2500	4900 -5900
Bandwidth (MHz)	100	1000
SWR	2.0:1	
Power Rating (watts)	100	
Impedance (ohms)	50	
Gain (dBi)	3.0	4.0
Pattern	Omni-directional	
Height	1.8	
Diameter (inches)	1.5	
Connector	NMO	
Mast Material	Brass
